CLUTHA

ULTRA-LOW EMISSION (ULEB) WOOD FIRE RANGE

The new Masport Clutha ULEB Wood Fire is inspired by and named after New Zealand's second longest river. The Clutha river is famous for its swift-flowing turquoise, ultra-clean water originating from the glaciers. Similarly, the Clutha Wood Fire has a contemporary design suitable for small to medium homes and ultra-clean burning, making it ideal for homes with a wide range of decors throughout New Zealand.

masportheating.co.nz

CLUTHA ULTRA-LOW EMISSION (ULEB) WOOD FIRE RANGE

The Clutha Wood Fire has a portrait orientation, a compact footprint, and an expansive viewing window to see the fire inside. The Clutha is fitted with Ceramic Fire Bricks and Stainless Steel Boxed Baffle; both provide best-in-class performance and durability, ensuring unrivaled performance and low maintenance, which lowers running costs over the life of the fire.

- ▶ Ultra-clean burning that is better for air quality
- ▶ Large portrait window with an expansive flame view
- ▶ Three base options to suit your needs and taste
 - Concealed, easy clean Ash Pan base
 - Convenient wood storage solution with Wood Stacker base
 - Pedestal only base
- ▶ Small footprint ideal for small spaces
- ▶ Ceramic Fire Bricks for greater heat retention and durability
- ▶ Stainless Steel Boxed Baffle for superior performance and longevity
- ▶ Lower long-term running costs due to quality components
- ▶ Start-Up Latch mechanism for ease of operation and safety
- ▶ Does not require electricity
- ▶ A future proof solution for all NZ regions - clean air zones and rural installations

Parallel - 998901 & 998908
Corner - 998904 or 998909

* Refer to the specification sheet for full details of the clearance distances and heat capacity and output.

**Space Heat Output is only a guide based on homes with average insulation, window area, and 2.4m ceiling heights. Differences in these factors, as well as others like, geographical location, layout of the house, living room size, type of windows all play a part in choosing the right model for your heating needs. Consult your dealer or installation contractor for more information.
