# AUBURN 8 ZC RURAL

## INBUILT WOOD FIRE

The Auburn 8 upholds Masport's trusted quality and efficiency, purpose-built for rural properties with built-in timber-framed cavities. Its expansive viewing window with a sleek jet-black border offers a stunning view of the flames, blending seamlessly into the firebox. A single air control ensures consistent airflow and cleaner glass, while the integrated 3-speed remote-controlled fan delivers even, efficient heat throughout the home.

Model	Space Heat Output <sup>1</sup>	Type	Fascia	Type of Floor Protector	Thickness of Floor Protector	Elevation above ground	D	H	W	F	FF	FH	FW	HW	HD
AUBURN 8 ZC RURAL	LRG	Inbuilt <sup>2</sup>	Standard	Ash	N/A	245 +	469	648	744	207	262	666	872	1000	385
				Non-Combustible Floor		0—245								1000	685

### Type of Floor Protectors

Ash Ash Floor Protector

<sup>1</sup> Heat output and burn time will vary depending on fuel size, type and moisture content.

<sup>2</sup> For other floor protector thicknesses the HD dimension changes. See detailed install instructions.

\* Refer to the specification sheet for full details of the clearance distances and heat capacity and output.

\*\*Space Heat Output is only a guide based on homes with average insulation, window area, and 2.4m ceiling heights. Differences in these factors, as well as others like, geographical location, layout of the house, living room size, type of windows all play a part in choosing the right model for your heating needs. Consult your dealer or installation contractor for more information.
